Willow Class Curriculum Newsletter –Term 5

English

Pupils will use resources from Classroom Secrets and Deepening Understanding. Our focus will initially be on the appropriate use of inverted commas and prefixes with reading comprehension. Friday will be a creative writing day using images from <https://www.onceuponapicture.co.uk/>

Lessons will be posted on our online learning platform 'Seesaw' with supporting verbal and video based instructions to support completion.

Other activities will additionally be uploaded to the school website.

Maths

Fractions, Decimals and Skills Recap

Whiterose and Classroom Secrets have developed a home learning curriculum that will be supported by BBC Bite Size. I will use these resources to develop, recall and practice our pupil's knowledge of fractions and decimals over the next two weeks.

Additional opportunities will also be taken to show knowledge of previous topics through home learning – making cakes, building and science will be linked to maths.

This will also be supported by regular opportunities for mental maths using our favourite site <https://mathsbot.com/questionsIWB>

Wider Curriculum – Afternoon Activity

For the start of the week activities will be taken from <https://www.bbc.co.uk/bitesize/dailylessons>

I will post the activities up for each week on both Seesaw and the school website every Monday.

Monday – History

Tuesday – Geography

Wednesday – Science

Please remember this is a loose structure, you can plan your week anyway that works for you.

Music

Thursday will have a music activity generated from www.music-education.co.uk and uploaded to both Seesaw and the Website – the current focus will be Composing

R.E

Friday will be our RE day – The focus will be Hinduism and we will use resources from <https://www.bbc.co.uk/bitesize/topics/zh86n39>

Other Subjects

Cooking, Arts and D&T - We will keep you updated with ideas, lessons and more...

We have really enjoyed seeing your work and we would love to see more!
