Retention Guidelines

1. The purpose of the retention guidelines

Under the Freedom of Information Act 2000, schools are required to maintain a retention schedule listing the records which the school creates in the course of its business. The retention schedule lays down the length of time which the record needs to be retained and the action which should be taken when it is of no further administrative use. The retention schedule lays down the basis for normal processing under the Data Protection Act 1998, the Freedom of Information Act 2000 and the General Data Protection Regulation 2018.

Members of staff are expected to manage their current record keeping systems using the retention schedule and to take account of the different kinds of retention periods when they are creating new record keeping systems.

The retention schedule refers to all records regardless of the media in which they are stored.

2. Benefits of a retention schedule

There are a number of benefits which arise from the use of a complete retention schedule:

- Managing records against the retention schedules is deemed to be "normal processing" under the Data Protection Act 1998 and the Freedom of Information Act 2000. Members of staff should be aware that once a Freedom of Information request is received or a legal hold imposed then records disposal relating to the request or legal hold must be stopped.
- Members of staff can be confident about safe disposal of information at the appropriate time.
- Information which is subject to Freedom of Information and Data Protection legislation will be available when required. The school is not maintaining and storing information unnecessarily.

3. Maintaining and amending the retention schedule

Where appropriate the retention schedule should be reviewed and amended to include any new record series created and remove any obsolete record series.

This retention schedule contains recommended retention periods for the different record series created and maintained by schools in the course of their business. The schedule refers to all information regardless of the media in which it is stored.

Some of the retention periods are governed by statute. Others are guidelines following best practice. Every effort has been made to ensure that these retention periods are compliant with the requirements of the Data Protection Act 1998, the Freedom of Information Act 2000 and the General Data Protection Regulations 2018. Managing record series using these retention guidelines will be deemed to be "normal processing" under the legislation mentioned above. If record series are to be kept for longer or shorter periods than laid out in this document the reasons for this need to be documented.

This schedule will be reviewed on a regular basis/ every three years using the Retention Schedule.

The Retention Schedule is divided into 10 sections:

1. Management of the School
2. Human Resources
3. Financial Management of the School
4. Property Management
5. Pupil Management
6. Curriculum Management
7. Extra-Curricular Activities
8. Central Government and Local Authority
9. Deletion & Retention of Documents
10. Deletion & Retention of Emails / Accounts
