

Vocabulary

Primary

Shapes

Texture

red orange yellow blue purple green
black grey white warm cool

circle square triangle
rectangle oval
diamond

Picasso Hockney Da Vinci
Mona Lisa Rembrandt

Skills

Confidently mix primary colours

create a collage of the three primary colours using paint, coloured paper and any other available and appropriate materials.

Dot finger prints of primary colours inside a pre-drawn shape. Children can make patterns using different primary colours.

Children will begin to develop drawing skills, learning that proportion is important when drawing people.

Subject

Art

Term 2

Year 2

By the end of the block, children should know –

- Know that red, yellow and blue are commonly referred to as the primary colours, meaning they are colours that cannot be made from mixing other colours together. (Blue + Yellow = Green • Blue + Red = Purple • Red + Yellow = Orange)
- Know that green purple and orange (colours made from mixing primary colours) are called secondary colours. (Blue + Yellow = Green • Blue + Red = Purple • Red + Yellow = Orange)
- Recognise Geometric shapes in art work: Square, rectangle, triangle, circle, oval
- Recognise Old masters such as Leonardo da Vinci's Vitruvian Man, 1492 and Pablo Picasso's images of Sylvette David, 1954
- A portrait is art work that shows a real person
- A self-portrait is a representation of an artist created by the artist.
- Many famous artists have created self-portraits.
